(b) if so, the factors responsible for such huge losses;

(c) whether Government would take steps to check such losses suffered by DoT without sharing any burden on common beneficiaries; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI TAPAN SIKDAR): (a) and (b) Available data indicate a down trend in revenue receipts due to new tariffs which came into effect from 1.5.1999 based on the Tariff order of March 99 of TRAI.

(c) and (d) In order to insulate the common man from the increase in tariff DoT in its alternative tariff package has not increased any rental and call charges for rural and low calling urban subscribers (those making calls up to 200 per month). Government has requested TRAI to re-work the tariff for 2000-2001 in view of anticipated substantial drop in DoT's revenue. Despite the door in revenue DoT's targets are being maintained and the gap covered by increased market borrowings.
